2024 SUSTAINABILITY REPORT

We are aware of our responsibilities regarding sustainable tourism. Therefore, we attach equal importance to raising awareness not only of our guests but also of our employees. We continuously increase social responsibility awareness and consistently implement an environmentally friendly management style.

The basis of our management style is based on "sustainable tourism". In order to leave a more livable environment for the next generation, we use our natural resources in a sustainable way while keeping our products and services at the highest quality.

ABOUT THE REPORT

As a business, informing our stakeholders about our activities and their impacts in a transparent and effective manner is one of the issues we attach special importance to. In this regard, the sustainability reports that we aim to publish annually will be an important tool we use in order to be a transparent and accountable organization.

Since the day we started operating in business life, we have made and continue to make many investments, both social and environmental, for the sustainability of our business. With this sustainability report, we aim to convey our economic, environmental and social performance to our employees, customers and other stakeholders. The information contained in this report is valid for the period **January 1, 2024 - December 31, 2024. It includes our performance between the dates.**

SCOPE

This document sets out the policies and practices of our organization, while creating the basic framework of a Sustainability Management System (SMS) that can be adapted and developed to cover all management processes of our hotel.

This document is prepared for all stakeholders, guests and staff of the hotel. Our system is constantly being developed to suit the size and scope of our hotel.

SUSTAINABLE MANAGEMENT SYSTEM

We believe that tourism and sustainable practices can coexist with luxury and guest comfort.

By embracing our sustainability philosophy, we aim to provide an unforgettable and environmentally responsible experience for our guests while actively contributing to the preservation of our planet. In line with our sustainability values, we are committed to promoting environmentally friendly practices and developing a philosophy of environmental responsibility. We believe that sustainability is not just a trend, but a fundamental principle that guides our operations and guest experience.

We are committed to contributing to the fight against climate change by reducing emissions, increasing the use of renewable energy and offsetting remaining emissions. Sustainability is at the heart of our vision and values. We believe that hospitality can coexist harmoniously with the well-being of our planet and our communities. We are constantly working to improve our energy efficiency, use of renewable energy, water conservation, waste minimization and sustainable procurement.

The basis of our sustainable management system is based on risk analysis. Risk analysis is carried out under the headings of environment, natural disasters, society, culture, economy, quality, human rights, health and security. New headings can be added if necessary.

After the risks are analyzed, we also have a crisis management plan system that determines what to do in case the risks occur. The annex of this document includes how to conduct risk analysis and crisis management.

SYS includes the implementation of certain policies by all employees on quality, economy, management, environment, culture, human rights, health and safety issues, setting targets and monitoring whether the targets are achieved and continuously improving business management processes.

If the determined targets are achieved, new targets are determined. If not achieved, our targets, policies and practices are reviewed. In this way, we strive to ensure continuous improvement.

The goals of our hotel's management system and the performance indicators that monitor compliance with the goals are included in the annex of this document.

Our hotel undertakes to fulfill its obligations under the Türkiye Sustainable Tourism Program regarding sustainability and to continuously improve its sustainable management system to increase its sustainability performance.

Our management system is constantly reviewed due to the status of the sector, environmental, social, technological, economic and cultural risks, and changes and updates arising from legislation, and the system and policies are updated if necessary.

The steps mentioned above can be summarized as the Plan-Do-Check-Act (PDCA) approach.

Figure 1. PDCA Cycle

Plan: Our hotel attaches importance to the environment, society, culture, national economy and management system and sets goals. It plans the roadmap and actions to be followed in order to achieve the determined goals.

Implement: Our hotel determines its basic policies and practices regarding environmental, cultural, social, human rights, health and safety. It monitors, measures and records them at intervals defined by the relevant personnel.

Check: In our hotel, feedback from both staff and customers is monitored and recorded.

If necessary, corrective measures are taken.

Take action: We take action to correct the problems identified in the check step of our hotel. Corrective measures and actions are recorded and archived.

LEGAL COMPLIANCE

Our hotel undertakes to comply with the applicable laws, regulations and international agreements, keeps an up-to-date list of these and regularly informs its staff about them, and provides the necessary training to the staff.

If asked or requested to be presented, our hotel will present all necessary permits, certificates and documents to the relevant persons and institutions.

These documents are the Business Opening and Operation License, the last month's personnel insurance declaration, tax certificate, emergency action plan, personnel training and certificates, the contract with the workplace doctor, the sewer connection document received from the municipality, documents indicating that pest control has been carried out and other necessary

Our facility has accessibility practices at the facility entrance, elevators and breakfast room.

There are NO disabled rooms in our facility.

GOODS RECEPTION AND PURCHASING PRACTICES

Our purchasing policy includes policies aimed at local, environmentally friendly, fair trade and efficient purchasing.

Our hotel monitors our sources of goods and services. We meet with our suppliers at regular intervals. We check their sustainability-related certificates, information and documents.

Local purchasing: Our hotel prioritizes local suppliers when purchasing goods and services, provided that they are of good quality and reasonably priced. Therefore, it regularly inspects its suppliers, updates its supplier list and informs its suppliers. The proportion of goods and services purchased from local people is measured.

When purchasing goods and services, our hotel also gives priority to fair trade suppliers, provided that imported products are of good quality and reasonably priced.

Environmentally friendly purchasing: Our hotel follows an environmentally friendly purchasing policy, attaching importance to efficient purchasing, energy saving and water saving in order to reduce food and solid waste.

Our hotel prioritizes environmentally friendly products (eco-labeled products) in its purchases. If there are no eco-labeled products in the product group to be purchased, it selects the relevant products from suppliers and manufacturers whose production and all other processes do not harm the environment.

In this context, our hotel prioritizes selecting suppliers with sustainability certificates when making its purchases. Example certificates that can be sought from suppliers are documents such as ISO14001, ISO50001, ISO14064, ISO20400.

Environmentally certified (FSC, MSC, EU-EcoLabel, etc.) or traceable for wood, fish, paper and other foods
Products that can be manufactured are preferred.

Threatened species and species that are prohibited from being sold (fish, trees, plants, game, etc.) are not purchased or used in our hotel.

The ratio of our purchases from environmentally certified, local producers and suppliers, and fair trade suppliers to our total purchases is measured.

Our hotel has goals regarding environmentally certified, local and fair trade purchasing. In this context, we aim to increase the rate and number of local and fair trade suppliers in our purchases and we are careful to do so.

Efficient purchasing: Our purchasing policy includes reusable, returnable and recycled goods.
prefers.

Our hotel also prioritizes bulk and bulk product purchases. This means fewer shipments to our hotel, resulting in less greenhouse gas emissions.

Our main priority and preference is to avoid unnecessary and excessive plastic, nylon, paper, glass and wooden packaging in the products arriving to our hotel.

Disposable products and unnecessary packaging (especially plastic) are avoided when purchasing consumables and toiletries. The purchase and use of consumables and disposable products are monitored and managed.

Total electricity consumption rate for January – December 2024 : 47938.67 Kwh

Since there is no natural gas in our region, there is no natural gas use in our facility.

WATER MANAGEMENT AND WASTEWATER

Our hotel has a water saving policy. Our policy includes regular measurement, monitoring and reduction of water consumption. The water risk situation in the region where our hotel is located has been determined. For this, World The Water Risk Atlas prepared by the Resources Institute is used.

Water risk was also assessed in the risk analysis and a water management plan was prepared. This plan includes measuring and monitoring water use and targets and reporting for reducing water consumption.

Due to our hotel's water usage activities, creatures living in waters such as seas and lakes are not harmed. Nevertheless, the possibility of harm to these creatures has been assessed in the risk analysis and necessary precautions have been taken.

Our hotel complies with all legal requirements and regulations regarding the use of water.

The water comes from a legal and sustainable source.

We measure our water consumption. Total water used per guest or per night is calculated and reported.

We have targets to reduce water consumption. Our hotel plans and implements corrective measures for this purpose. Water-saving equipment is used in our hotel. Good practices such as changing sheets and towels upon guest request are used in our hotel.

Our hotel informs and guides its employees and stakeholders about water saving. Our hotel mobilizes all its resources to prevent wastewater from harming the environment.

Regulations set by the local government for the disposal of wastewater are complied with.

Total water consumption rate for January – December 2024

: 617 cubic meters

FOOD WASTE AND SOLID WASTE

Our hotel has a Solid Waste Management Plan. The plan includes regular measurement and monitoring of waste production, waste reduction, reuse, recycling and waste disposal.

Solid wastes are separated according to their types such as food, recyclable, toxic/hazardous and organic, and their recycling and reuse status are taken into consideration during separation.

Our hotel regularly informs and guides its employees and stakeholders about waste management with various visual and communication materials.

In our hotel, solid wastes are separated according to their types and collected by authorized and licensed companies.

Solid waste, including food waste, is measured by type. The amount of solid waste per guest or overnight stay in our hotel is calculated and reported.

Our hotel has also identified activities and risk areas with high solid waste generation. It plans and implements corrective measures to reduce food waste and waste.

It is aimed that solid waste disposal will not have a negative impact on the local population or the environment. Compliance with the "Zero Waste Regulation" legislation regarding solid waste management is ensured.

STAFF AND WORKING LIFE

In spirit, the most important resource that makes us who we are is our employees. Being aware of this, issues such as the social and fringe benefits of our employees, performance management, rewards, training and career management, and employee safety are always our

priorities. Our Human Resources Vision; To create a qualified human resource that is highly motivated, protects and enhances the corporate image, highlights innovative work, values service and sees its work as a part of a whole, and to be a pioneer in the sector and in Türkiye with integrated human resources applications. Our Human

Resources Mission; - To plan and train the human resources that will realize the goals and strategies of the institution, to carry out personnel work and transactions at an optimum level, to have highly self-confident personnel who are specialized in their fields, have the ability to represent the institution and can reveal new initiatives in their fields.

Our employees know what they need to do in our management system and sustainability-related policies and practices. What our employees need to do is defined in writing, communicated to them, and the necessary training and guidance are provided regularly. Training on this subject is recorded. Our employees play an active role in the development and continuous improvement of our management system and sustainability performance. We review and improve our system in line with the feedback we receive from our employees.

Fair wages Our employees are informed about the wages they will receive, working conditions, working hours, and when they will receive their wages before they start working at our facilities. **Education and Career Management** All of our employees can benefit from the right to education equally. In addition to the legal and professional training required by the hotel industry, employees are provided with periodic training programs related to sustainability and their fields of work, on-the-job training, trainings required by legal regulations, and guidance support, including orientation trainings in line with our sustainability policies and management system.
